

MEMPHIS, TN (**September 2, 2021**)- To support mothers in need that have been impacted by Hurricane Ida, Memphis based organization Naturally Nurtured Birth Services has started a disaster relief drive to help mothers and families that have been displaced by the crisis.

Diapers and baby supplies such as wipes, formula, and baby food are vital and necessary items which are often forgotten during relief efforts from agencies. With many that have been displaced already facing financial burdens and overwhelming stress, the organization looks to make sure that this can be one less burden for mothers and families.

Naturally Nurtured Birth Services has provided birth and postpartum services to Memphis families for over 15 years, as one of the area's most trusted resources for birth doula, postpartum doula, and lactation counseling. Serving the community and mothers has always been the mission of founder [Shanille Bowens](#). As a mother, birth doula, and founder of Naturally Nurtured Birth Services, she looks to support those that are often left feeling voiceless and ignored during the birth and postpartum periods.

The organization is collecting all essential items for babies including diapers, wipes, formula, baby food, training pants, and other necessities. Donations can be made on the organization's website, as well as physical donations that are available to be dropped off and arranged for picked up at various locations throughout the city of Memphis.
